**AMENDMENTS TO THE CLAIMS:**

Claims 1 and 2 have been amended. This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

Claim 1 (Currently Amended): A hydraulically driven vehicle comprising a hydraulic motor (2) driven by a oil pressure ~~oil~~ discharged from a hydraulic pump (1) and supplied to the hydraulic motor (2), said hydraulically driven vehicle being ~~traveled~~ propelled by driving the hydraulic motor (2), wherein a maximum driving force of the hydraulic motor (2) is ~~set~~ changeable, with use of a switching means (22), by an operator of said hydraulically driven vehicle, during operation of said hydraulically driven vehicle, in order to obtain better performance of said hydraulically driven vehicle in the working conditions being encountered by said hydraulically driven vehicle.

Claim 2 (Currently Amended): A hydraulically driven vehicle as claimed in claim 1, wherein said hydraulic motor (2) is a variable displacement hydraulic motor, and a maximum tilt angle of the hydraulic motor (2) is ~~set~~ changeable.

Claim 3 (Original): A hydraulically driven vehicle as claimed in claim 2, wherein said maximum tilt angle is adjusted in accordance with an electronic control.

Reply to OA dated July 6, 2005

Claim 4 (Original): A hydraulically driven vehicle as claimed in claim 2, wherein a minimum tilt angle of said hydraulic motor (2) is adjusted in accordance with an electronic control.

Claim 5 (Original): A hydraulically driven vehicle as claimed in any one of claims 1 to 4, wherein the hydraulically driven vehicle is provided with a selecting means for selecting whether or not said change of said hydraulic motor (2) is executed.
